

CONFERENCE CENTER AND RECEPTION

THE CHALLENGE

A global financial services firm needs some custom, modern furniture for its New York offices, including a boardroom table, conference table, credenzas and a reception desk. The design calls for unique shapes and bold materials that only the highest quality custom furniture manufacturer could create.

THE SOLUTION

WallGoldfinger has been designing, engineering and creating the highest quality corporate furniture for decades. The company’s custom capabilities, materials integration skills, and quality are unmatched. WallGoldfinger’s state-of-the-art factory has the capacity to meet the company’s needs and its experienced staff have the know-how to create this one-of-a-kind furniture.
