MULTIPURPOSE ROOM TABLES

WALLGOLDFINGER  
FURNITURE

*A*rbor multipurpose tables provide today's businesses and organizations with a reconfigurable conference table solution that leads the industry in leg room and compact storage. Arbor tables feature (no tools required) removable legs, modesty panels and, in some cases, power and data boxes. Tabletops, legs and more all then store in compact upright storage carts, allowing businesses to invest in usable space rather than storage space.

Arbors are also a quality table. Most commonly sold in a 30"x60" or 33"x66" size, Arbors feature a variety of lightweight tabletop options from veneer to cast acrylic. Four edge choices are available, including popular WallGoldfinger *Comfort Edge* aluminum pan frames with uniquely designed rounded and smooth bottom edges that are both gentle on hands and chair arms. *Comfort Edge* frames also have welded corners for durability. Table legs are 2" square, aluminum (with your favorite powder coat) and positioned at the table corner or inset a bit. Legs gang between tables, meaning legs in their ganged position take up just 1" of space under each table end and leave lots of open space for comfortably stretching out. Finally, power boxes are thoughtfully integrated in the tabletop, leg and storage design. Power and USB-A also daisy chain with UL listed cables, allowing many tables to plug into just one floor core outlet.

There truly is much to love about industry standout Arbor multipurpose tables designed and made exclusively by WallGoldfinger Furniture.

#### DESIGN

33"x66" rectangular tables  
*Comfort Edge* aluminum pan frames  
2-inch square standard legs  
removable power and data boxes

(30"x60", 33"x66")

Fit (8) 30"x60" tabletops in a 30 $\frac{1}{8}$ "w x 36 $\frac{1}{8}$ "d x 71 $\frac{1}{8}$ "h cart. Carts for 33"x66" tables are 78"h.

## POPULAR SPECIAL REQUESTS

Rectangle  
(36"x72")

Wedge

Fit (8) 72" tabletops with blankets or (6) 72" tabletops with blankets and fixed power boxes on a 27 $\frac{1}{2}$ "w x 38 $\frac{1}{2}$ "d x 34 $\frac{1}{2}$ "h panel cart.

## EDGES

Multi ply veneer    1/2" solid wood    *Comfort Edge* aluminum pan frame    *Comfort Edge* with 1/4" solid wood overlay

Edges are 1/2" thick, except the *Comfort Edge* with overlay, which is 1/4".

## LEGS

2" square standard (inset)

Fit (56) standard legs in a 33 $\frac{1}{8}$ "w x 30 $\frac{1}{8}$ "d x 78"h cart.

2" square corner\*

Fit (36) corner legs in a 28 $\frac{1}{8}$ "w x 37 $\frac{1}{8}$ "d x 78"h cart.

Standard and corner legs are available with brush minder wire management channels. Other leg styles have leg attachments.

\*Corner legs are only available with *Comfort Edge* options.

Arbor tables are 30" high.

## POPULAR SPECIAL REQUESTS

Loop

Fasten (8) loop legs to a 31 $\frac{1}{4}$ "w x 60 $\frac{1}{2}$ "d x 35"h high truck.

## MODESTY PANELS

Removable half modesty panel (11 $\frac{1}{4}$ "\*)

Removable full modesty panel (27 $\frac{3}{4}$ "\*)

Fit half modesty panels for (16) tables or full modesty panels for (8) tables in a 30 $\frac{1}{8}$ "w x 36 $\frac{1}{8}$ "d x 74 $\frac{1}{4}$ "h cart.

Modesty panels are built in two sections so tables can form L shapes.

## MATERIALS

### TOPS

Veneer    Plastic laminate    Cast acrylic    Faux leather

### EDGES

Veneer    Solid wood    Plastic laminate    Powder coated aluminum    Brushed aluminum with clear powder coat

### LEGS

Powder coated aluminum    Brushed aluminum with clear powder coat

## TECHNOLOGY

Removable 6"x8" fixture box with (2) Simplex, (2) charging USB-As and (2) telecom plate openings for additional technology

Veneer hatch lid

Metal hatch lid

Small 5"x5 $\frac{1}{4}$ " fixed, low-profile box with (2) Simplex, (2) charging USB-As, (1) brush minder plate and metal hatch lid

Large 5"x9" fixed, low-profile box with (2) Simplex, (2) charging USB-As, (1) telecom plate, (1) brush minder plate and metal hatch lid

Quickly connect boxes table to table using quick connect plugs.

Secure UL-listed cables under table tops using hook and loop strips.

Run cords to floor cores using brush minder wire management legs.

Store up to (6) removable power boxes on back exterior of upright tabletop, leg and modesty panel carts. (Fixed, low-profile boxes are thin enough that they do not need to be removed from tabletops prior to storing.) Hang cables on cart back.
