# *Standard* POWER/DATA BOX

Add a WallGoldfinger Furniture power and data box to your fixed or reconfigurable table.

This metal, powder coated box includes:

- 2 simplex power outlets
- 2 charging USB-As
- 2 openings for additional technology that can be added now, or later as your needs grow and change
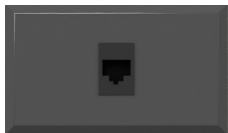

This tabletop box is covered with a 5½"x8" hatch lid available in a variety of materials, including veneer, metal, glass and stone.

The box is available with traditional power cords, hard wire whips or UL-listed, quick connect DaisyLink™ power cords. Power up to nine standard boxes from a single floor core connection utilizing DaisyLink™ cords.

## CUSTOMIZE YOUR BOX

Add other technology to this WallGoldfinger-exclusive customizable box. Popular plate choices include:

RJ45 Cat 6 (plate can have multiples)
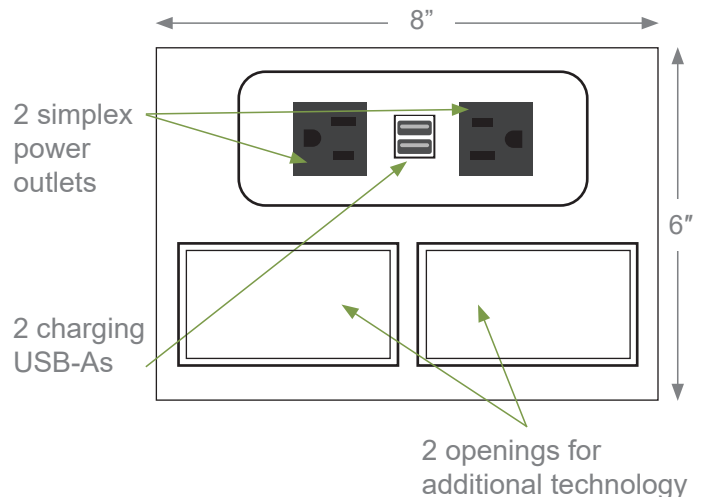

HDMI

RJ45 Cat 6 and HDMI
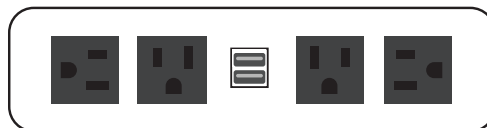

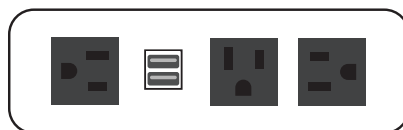

Added or passive USB-C

Wire pass through plates

Blank plate for later add-ons

2 simplex power outlets

2 charging USB-As

2 openings for additional technology

## GROW YOUR BOX

In addition to telecom plate choices, you can also add more power outlets or 60 watt USB-C to your WallGoldfinger power box. We'll grow the length of your box to accommodate this additional power. Cord choices for USB-C may differ.

We know your technology needs are changing. We'll work with you, your AV team and power unit suppliers to find and develop solutions that meet your needs.

## APRON POWER

Similar units are available fixed in your table apron or inside a drawer. Through expertise and advanced engineering, WallGoldfinger strives to achieve ADA-compliant power solutions. **Call us to share your needs and learn more about your options.** 802.278.5800 sales@wallgoldfinger.com
