

# APRON POWER

WallGoldfinger Furniture provides unlimited apron power options. Standard options allow for the addition of a retractable lid, which hides power and data ports when they are not in use to maintain a table's beauty.

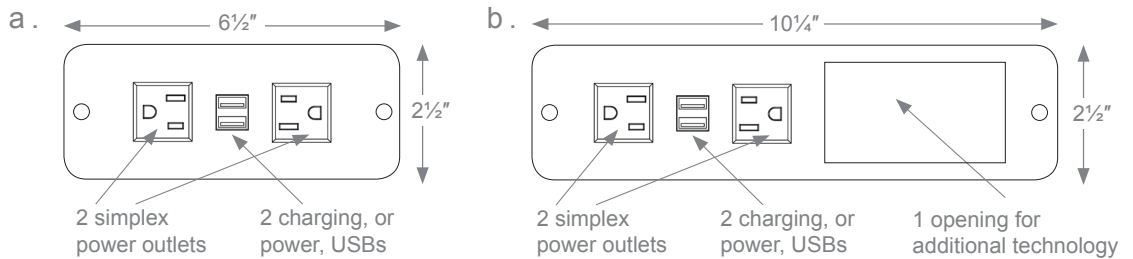

Choose an option below or talk to WallGoldfinger Furniture or your AV supplier about the right custom option for you.

## CHOOSE YOUR OPTION

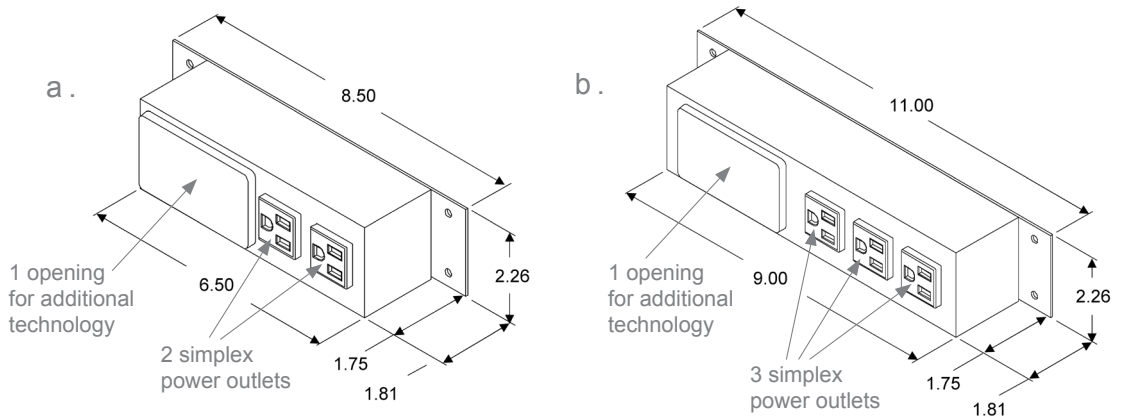

### OPTION 1

Provide 2 simplex power outlets and 2 charging USBs in a table apron, with or without a WallGoldfinger Furniture retractable lid. Add an additional opening for more power/data options.

### OPTION 2

Provide 2 or 3 simplex power outlets and add additional technology, with or without a WallGoldfinger Furniture retractable lid. Additional technology options shown below.

## ADD TECHNOLOGY

Popular plate choices that fit in the additional opening include:

2 RJ45s (data/network connectors)

1HDMI, 1 VGA and 1 mini-stereo

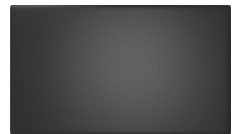

1 HDMI

1 VGA, 1 mini-stereo and 1 RJ45

3 RJ45s

Blank plate for later add-ons
