

Arbor FIXED, LOW PROFILE POWER/DATA BOX

Add an *all new!* WallGoldfinger Furniture fixed, low profile power/data box to your Arbor table.

This ETL-listed box, which remains on the tabletop even during storage, includes:

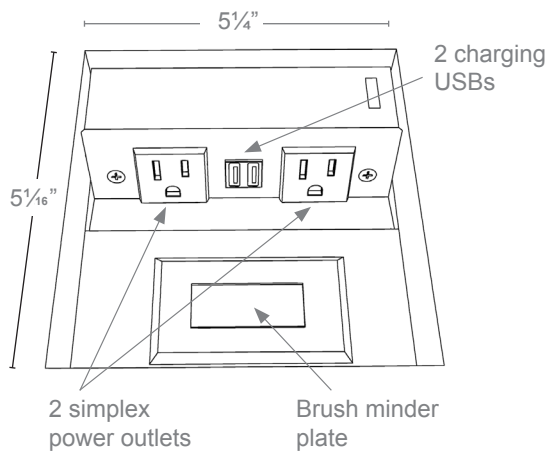

- 2 simplex power outlets
- 2 charging USBs
- 1 opening with a brush minder for bringing additional technology to your box
- Optional larger box with 1 opening for an additional telecom plate
- ETL-listed, quick connect DaisyLink power cords

The smaller version tabletop box is covered with a 5 $\frac{1}{16}$ "x5 $\frac{1}{4}$ " hatch lid available in metal only. The larger box with optional telecom plate is 5 $\frac{1}{16}$ "x9".

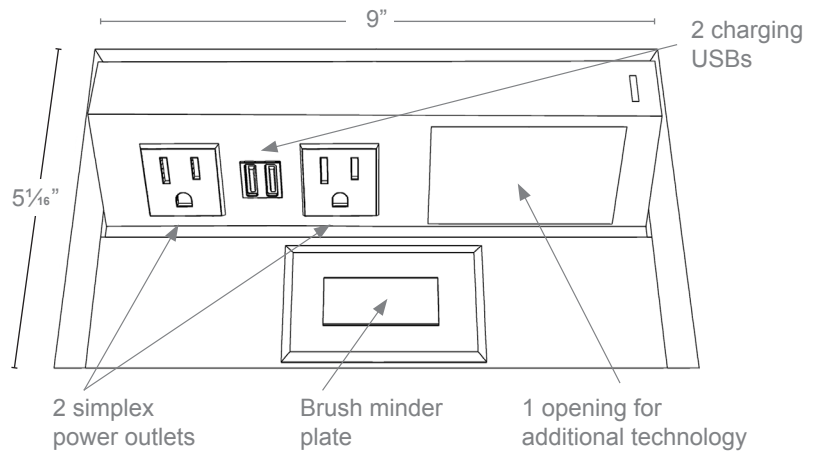

CHOOSE YOUR BOX

OPTION 2 Larger low profile box

HOW IT WORKS

Quickly connect boxes table to table using quick connect plugs.

Secure ETL-listed cords under table tops using hook and loop strips.

Easily run cords to floor cores using brush minder wire management legs.

Secure cords under tabletop and store tops with power boxes in place.
